

WUPCOM'18 - Winter School on Ultrafast Processes in Condensed Matter 2018

Monday, 5 March 2018

Monday, March 5, morning (08:30 - 10:05)

time	[id] title	presenter
08:30	[34] Relaxation dynamics in strongly correlated materials - from models to materials	GOLEZ, Denis
09:15	Discussion	
09:30	[5] Coupling between antiferromagnetism and an electronic surface state observed by time-resolved photoemission and x-ray diffraction	WINDSOR, Yoav William
