

Wilhelm und Else Heraeus Seminar #702: Otto Stern's Molecular Beam Research and its Impact on Science

Tuesday, 3 September 2019

Cold atoms and molecules: Reinhold Schuch, Chair (16:30 - 18:45)

time	[id] title	presenter
16:30	[32] Keynote: Our Patrimony from Otto Stern and My Memories of Otto Frisch	Prof. KLEPPNER, Dan
17:15	[33] Ultracold Chemical reactions with molecules in slow motion	Prof. NI, Kang-Kuen
17:45	[34] Choreographing Quantum Spin Dynamics with Light	Prof. SCHLEIER-SMITH, Monika
18:15	[35] STIRAP: Notes about its history and some news	Prof. BERGMANN, Klaas
